The approved Minutes will be provided to the Clayton County Board of Commissioners Clerk for public posting and transparency, and will also be posted to the Clayton County Parks and Recreation website.

IV. BUSINESS

a. Heat Advisory Education for All Coaches

Dr. Elliott McGlory asked the Parks and Recreation staff if all Clayton County coaches across all sports are educated on proper heat advisory procedures. Mr. Kobi Simpson informed the Advisory Board that all head coaches are trained for inclement weather procedures. Clayton County Parks and Recreation follows the Georgia High School Association Policy Standards.

b. Athletic and Other Events – Security

Dr. Elliott McGlory presented the question, “is it Parks and Recreation’s policy to provide security at only playoff games?” Mr. Hodges informed the Board that an assigned security officer is present at all games with the exception of soccer which is held across from the police precinct in Lovejoy, and games focused on the fundamentals of basketball.

c. AED Device Update

Dr. Elliott McGlory requested an update on the AED devices. Mr. Hodges informed the Board that all AED devices that needed annual servicing are all up to date. The Parks and Recreation Department received today, 10/7/19, four new AED devices to add to inventory.

d. No outdoor practice / No outdoor Play

Carlos Benifield presented the question, “is the policy for ‘no outdoor practice / no outdoor play’ implemented from the Georgia High School Association Standards?” Mr. Koboi Simpson advised the Board that the Clayton County Parks and Recreation Athletics Division follows the Georgia High School Association Standards. When a heat advisory is effect or inclement weather, modified or alternative game and practice schedules are carefully considered.

e. Families are Setting-Up Tents in Front of Gate Opening

Carlos Benifield presented a concern regarding families setting up tents and chairs at the gate opening of the #2 field causing overcrowding which could potentially be a safety hazard. Mr. Koboi Simpson advised safety concerns regarding chairs and tents obstructing an area should be reported to staff on the day of the occurrence to handle immediately.

f. Heat Index Protocol

This topic was addressed in agenda item (a).

g. Safety Concerns

Mr. Jarvis Jackson presented the discussion “security vs safety” to the Board. Mr. Jackson presented the concern: when Parks and Recreation’s Athletic Coordinators are also coaching a team, it potentially renders the Coordinator unavailable when issues arise. Mr. Jackson’s concern is with ensuring availability of staff when a confrontation occurs so that staff can intercede. Mr. Koboi Simpson reported that it is not the policy of Clayton County Parks and Recreation to utilize Athletic Coordinators to coach teams; however, if a volunteer coach resigns after a team has been assembled and we have an insufficient number of volunteers to pull from, staff may be assigned a team to fill the void.

Mr. Hodges and Mr. Simpson reported Parks and Recreation will be addressing sportsmanship with coaches and parents for the safety of all involved. A letter will be drafted, signs will be posted, and consequences will be implemented for unsportsmanship behavior.

V. DIRECTOR'S UPDATE

Parks and Recreation Director Troy Hodges provided an update to the Board on current projects and events related to Clayton County Parks and Recreation to include: resurfacing of the tennis courts at Independence Park, District IV building construction, construction of a dog park at International Park, construction of the water park at International Park, completion of Phase IV trails, Jestors Creek trail enhancements, SW Intergenerational building construction, charrette meetings scheduled for August and September, results from the Lake Spivey Road Race, and upcoming events.
